1. Login to your **MARKETedge** dashboard.
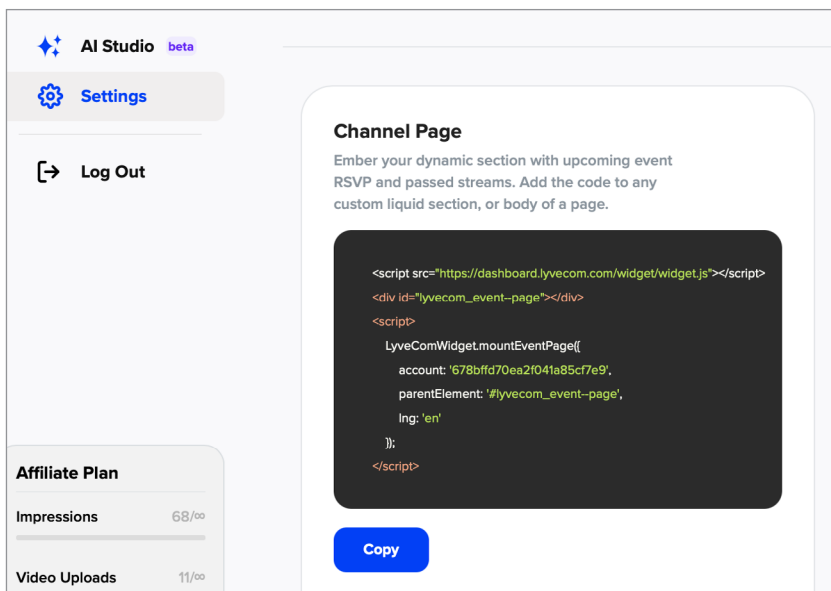

2. Navigate to **Settings → Streaming** and scroll to the bottom of the page.
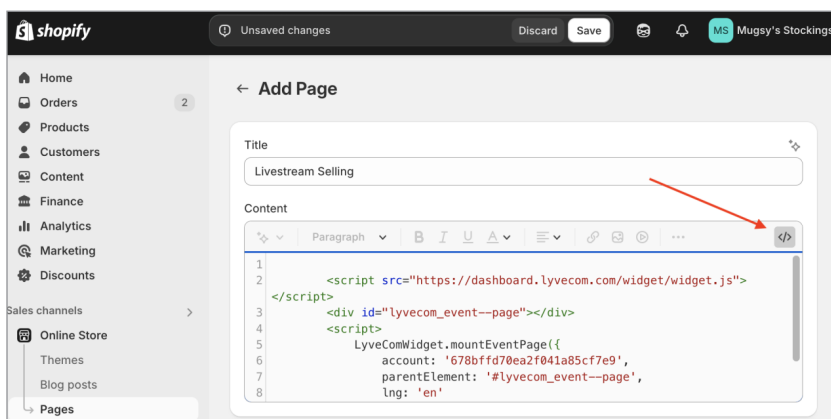

3. Copy the **Channel Page** script

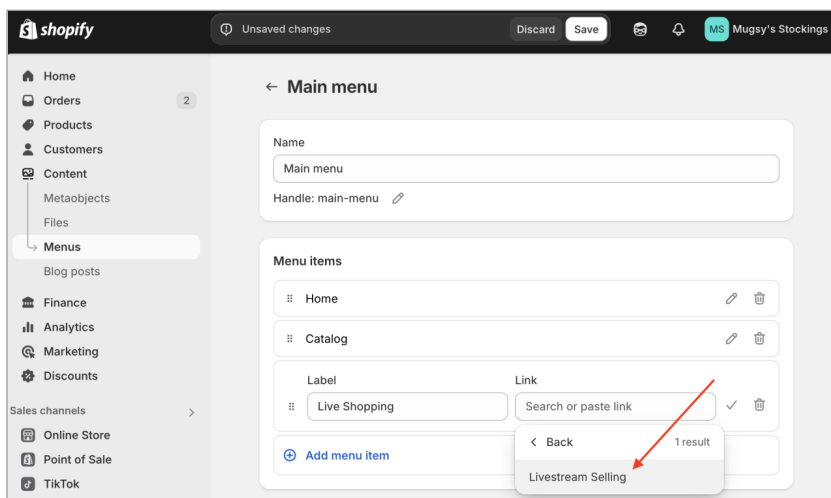

4. Add a **new Page** to your Shopify store:

   a. **Go to Shopify Admin** → Click **Online Store** → Click **Pages** → Click **Add page**

5. Add a page **Title** (Example: Livestream Selling)

6. Click on the code symbol </> in the content section and paste the **Channel Page** script you copied in Step 3.

7. Scroll down the page and set the page **Template** to 'Default page'. Set the page **Visibility** to 'Visible'. Click **Save**.

8. Add the page to your Theme's **Navigation**.

   a. Go to **Shopify Admin→** Click **Content→** Click **Menus→** Click **Main Menu**

   b. Click **Add menu item**

   c. Enter the menu **Label** (Example: Live Shopping)

   d. Enter the **Link** of the Livestream Shopping page you just created (Livestream Selling)

   e. Click **Save**
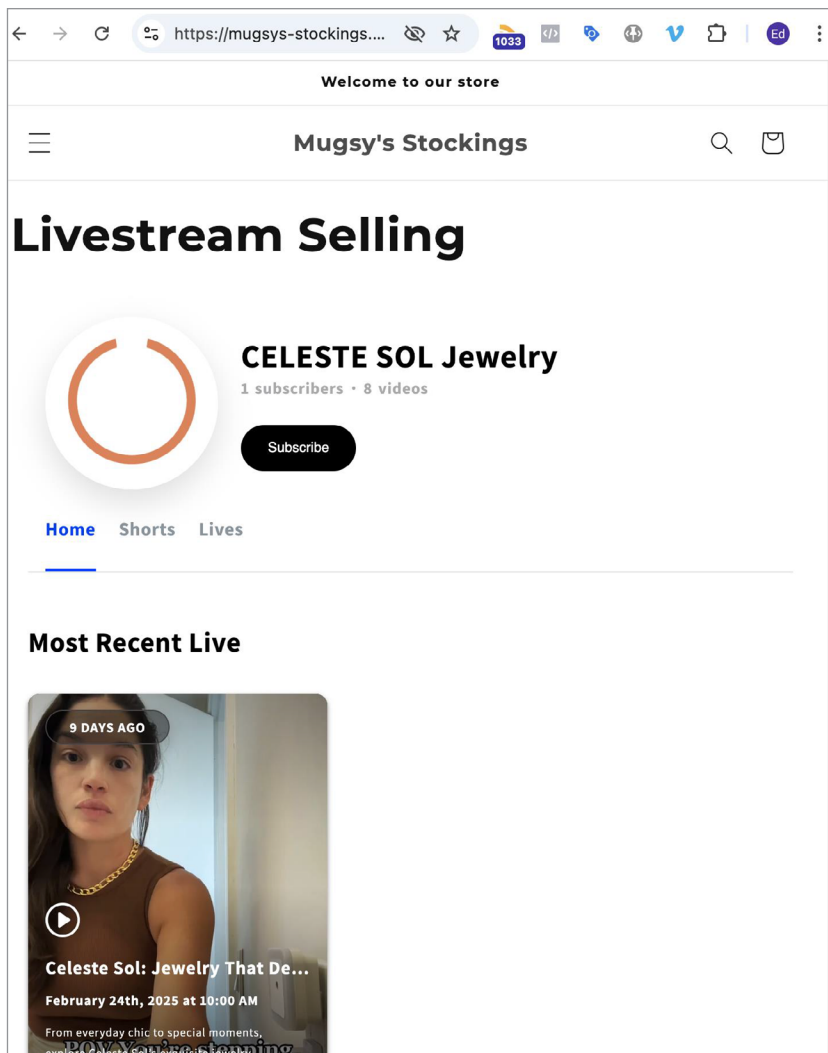

9. Open your website and navigate to the **Live Shopping** page.

10. Your **Channel Page** (Livestream Selling) will be visible and displaying the content you've created in the MARKETedge dashboard.

11. Customize your Livestream Selling page in the Shopify theme editor, as desired.
